Answer:

Dear sir/madam

In accordance with your questions related to the Invitation to tender for: Supply of the medical equipment for the Airport Podgorica: If you can provide all contents required by tender specification in only one device, which will provide all items required by specification of the tender procedure we inform you that according to the tenders specifications it is necessary to be delivered three separate medical equipment's. If any of the three devices have the better performance then listed in the tender specifications and the price is in line with the criteria stated in the tender documents, in this case offer will be considered.

With kind regards,
